WS400 Evo
evolving intelligence

改善 **KAIZEN**

KAI [to change] ZEN [to improve]

Super
NOVA™

An evolving intelligence

There is a word that can be found throughout Japanese history which is still used to this day:

改善 **KAIZEN**

The word "KAIZEN" is made up of two words, "KAI" & "ZEN".

KAI when translated means to change, while ZEN means to make good or best.

When you put these two words together you get "change for the best".

KAIZEN is a daily Japanese process that strives for improvement and perfection.

The **WS400 Evo** has new features which take the **WS400** to an even higher level of **KAIZEN**.

New and improved easy release paint cup system

The new locking thread system enables you to experience a secure and precise screwing and unscrewing of the paint cup.

Reliable and Precise setting

WS400 Evo has new sturdy constructed high precision adjusters. The carefully designed grip delivers the professional painter a reliable and more importantly comfortable feeling even when wearing latex gloves.
